

Strategic Planning Professional Training

Description

Introduction

This course will focus on the strategic thinking and leadership behaviors that a high-performance organization needs for a successful long term future. This course will usher delegates in more strategic visionary leadership that focuses to deliver real value to their constituents and customers. This will enable organizations to strive to improve every aspect of the business, as delegates will understand the process of creating value and the execution to bring that value into reality.

In this course, delegates will discover how to move from transactional management to transformational leadership. Real strategic management requires that managers and leaders at all levels create the mindsets and behaviors that are needed to transform the organization from its existing paradigm to the new strategic paradigm that the vision sets forth.

This course will feature:

- How to identify critical strategic issues and opportunities
- Enhancing your own and your organization's strategic thinking and ability to envision strategic initiatives
- How to generate and support effective strategic thinking down at all levels in the organization
- Prioritization issues based on their capacity to enable real value creation
- How to lead and motivate teams and businesses in diverse, turbulent and complex environments

objectives

By the end of this course, participants will be able to:

- Interpret the internal and external forces shaping the future
- Develop and follow a strategic road map through a clear vision and statement of strategic intent
- Identify the competencies and capabilities of strategically agile and effective organizations
- Recognize your own strategic leadership style, and the styles of others.
- Effectively prepare, motivate and guide your organization, unit or team towards the vision
