

Strategy Excellence Training

Description

Introduction

Coming up with a great strategy is one thing, but actually implementing it successfully in order to get outstanding results is quite another. This is why the real challenge in strategy is in execution. Professionals require the skills and competencies to go from strategy formulation to day-to-day tactical execution while ensuring the achievement of results that align with the strategy.

objectives

- Understand the planning and execution framework at all levels of the organization.
- Understand the need for planning and control to achieve strategy, operational goals, and tactical results.
- Understand and apply the basic principles and concepts of planning and decision-making at all levels of the organization.
- Recognize and apply the concepts and principles of strategy, operational planning, and tactical execution.
- Creating and maintaining the organizational structures, processes, and systems to ensure tactical, operational, and strategic success.
- Develop an ability to understand context, seize opportunities, and apply initiative in the face competition, obstacles, and rapidly changing situations, all to achieve the higher-level outcomes of the organization.

Contents

Day One

From Vision to Results: The Planning and Execution Framework

- Understanding the distinctions between strategy, operations, and tactics
- How planning and execution work
- How vision, mission, and planning relate to morale, cohesion, and unity of purpose
