

## Competency -Based Management Training

### Description

#### Introduction

This course will show you how to use competencies to deliver real, qualified improvements in terms of productivity gains by using the technique in a practical sense. Competencies are used to define desirable behaviour and then introduce improvements in selection, assessment, talent management and retention, performance management and employee development.

This course will walk you through the integrated process of implementing competency-based HR in your organization by applying the competency framework to basic HR functions, ensuring that the right people are in the right jobs and are developed and motivated in the right way. Competencies can also be key elements in succession planning and the management of values.

#### This course will feature:

- Ideas how to build HR practices that support organisation strategy
- Improvements to processes for selection and assessment
- Practical ways to optimise the contribution of everyone in the organisation
- Processes for talent management and succession planning
- Techniques for motivating and empowering employees

#### Objectives

- Manage the distinction between competencies, skills and tasks
