

Effective Organisational Leadership Training

Description

Introduction

There are fundamental principles that are applicable to all types of leaders, but there are also critical differences between strategic, operational, and tactical leadership. Leaders at all levels must understand these particularities so they can adapt their leadership substance and style to the requirements of the situation and their position. They must also know how to integrate these leadership approaches into an integrated whole so the organization can grow and achieve outstanding success.

objectives

- Familiarization with the strategic, operational, and tactical leadership framework.
- Identify and assess linkages and interrelations of leadership with strategy, operations, organization, and tactics.
- Understand and apply the principles and concepts of strategic leadership and operational leadership.
- Understand and apply the principles and concepts of institutional and organizational leadership and tactical leadership.
 - Integrate the full spectrum of leadership levels with the needs of organizations and people.

Contents

Day One
