

## Fraud investigation, Prevention and Detection Training

### Description

#### Introduction

Fraud has become a serious concern for both commercial and non-profit organization across the whole world. According to a study by the Association of Certified Fraud Examiners and researchers at Concordia University, over 10 percent of all non-profit organizations / groups fall victim to occupational fraud. Awareness about fraud and embedding anti-fraud procedures in the system of your organization can have significant impact on the sustainability of your organization in the long term. This training course will help you to learn why people commit fraud, how to identify fraud risks, establish an anti-fraud culture and ensure fraud awareness in your organization. This training course will explain how to build a robust fraud risk management program and how to integrate anti-fraud initiatives in to your fraud risk management program.
