

Mastering Emotional Intelligence – Skills for Excellent Leadership Training

Description

Introduction

A growing number of leaders are placed in a position of responsibility and asked to serve as leaders with expectations that are constantly increasing. Leaders are expected to demonstrate extensive knowledge, allocate rewards, achieve organizational objectives and provide exemplary leadership to others amongst many other responsibilities. High competency in communicating, influencing, motivating others and managing emotions in the workplace thrust leaders to become mentors as well. Therefore, exceptional leadership calls for high emotional intelligence leaders that have sound judgment and reasoning. This programme seeks to help delegates:

- Keep a relationship productive by cultivating emotional intelligence at work
- Recognize stress levels and keep it under control
- Exchange communication using emotionally intelligent language
- Pick up social cues and responding appropriately to them

objectives

- Assess your own self-awareness and communication style
- Apply emotional intelligence in your work and personal life for a healthy balance
- Maintain your emotional energy to motivate and lead team members towards achieving organizational goals
- Develop authentic and credible leadership to build trust within team members
- Develop skills in responding to feedback
- Emotional resilience to handle challenges
