

The Art of Strategic Management and Leadership Training

Description

Introduction

In these turbulent times, leaders need to focus on what will drive their business enterprise through the obstacles of success. This powerful program offers solutions to any leader who must continue to deal with the economy and make smart decisions about such important elements as new business strategies, succession planning and the use of intellectual capital to sustain and grow their business.

This 10-day programme begins with a week on Strategic Management, which develops the skills behind strategic thinking and developing good strategies to support the strategic planning function.

This session looks at many contemporary theories that focus on the best approaches to take to use resources wisely to stay the course of continuous improvement.

Week two of this programme focuses on The Art of Leadership and on how a leader takes on the responsibilities of implementing new strategies and developing their human assets to support the enterprise. This session goes deep into the heart of a true leader and helps any leader/manager understand what makes an effective leader in the modern organization. This session is the catalyst behind what makes a successful strategic plan work in the real world.

Objectives

- Expand your understanding of how Strategic Thinking has developed and is used by managers and leaders
- Develop an understanding of the process of Strategy Formation and Implementation within any organization
- Link the Strategy of a firm with the Desired Outcomes of Revenues, Profits, and Growth through Value Creation and Market Focus
